

COUNCIL PRIVACY ETHICS

1. No Mayor or Councillor shall possess in either written or electronic format, any lists with ratepayer's addresses, phone numbers, or email addresses.
 - The only exception would be those addresses for the purposes of communication to Mistusinne staff members or fellow Council members.
2. Further, no Mayor or Councillor shall ever send mass communication pieces expressing their personal views to the ratepayers of Mistusinne, which could be realistically perceived as an infringement on the ratepayers' privacy.
 - The only exception to this policy is during an election period when an 'all-candidates' communication piece may be coordinated by staff and sent to all ratepayers as a service to the electorate.
3. Further, any provincial legislation or privacy policy shall prevail over this policy.
